

Audition

we looking for dancers with experience in site-specific performance

**for a dance theater production from 12. March - 30. May 2018 in Cologne
and more performances in June (date not yet known)**

We are looking for:

- Dancers with contemporary technique and site - specific experience
- good skills in improvisation and a strong stage presence

Barnes Crossing - Space for dance performance art commissioned by the DIN A 13 tanzcompany, one of the few dance ensembles comprised of dancers with different bodily capabilities. By means of continual artistic and conceptual development of their productions, DIN A 13 managed to become one of the globally leading mixed-abled dance ensembles.

The artistic approach taken by the company is marked by the exploration and visualization of the quality of movement inherent in "differing bodies" whose diversity forms the basis for the choreographical work.

The new dance theater production will dispute with the topic "body and technology". The production will be staged especially for the public space and take place at different locations in Cologne.
